

Access to INVISION

Guide to Gaining Access to INVISION

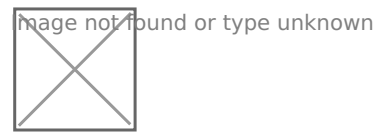

Gaining access to INVISION is a straightforward process. Follow these steps to set up your account and start utilizing the platform:

1. **Contact INTENT for Account Setup**

- Reach out to INTENT by providing your email address. This will initiate the setup of your account for INVISION.

2. **Visit the INVISION Website**

- Open your web browser and navigate to [INVISION Login Page](#).

3. **Verification Process**

- On the login page, you will find an option to **Verify your Account**. Click on this.

- Enter the email address you provided to INTENT. This is a crucial step for verifying your identity and proceeding with the setup.

4. **Check Your Email**

- Once you have entered your email for verification, check your email inbox for a message from INVISION.

- If you don't see the email in your inbox, remember to check your Junk or Spam folders.

EMAIL

PHONE

Verify Email

Enter the email associated with your account and we will send an email with instructions to set your new password.

[Back](#)

5. Set Up Your Password

- In the email from INVISION, you will find a link. Click on this link to set up a new password for your account.
- It's important to choose a strong, secure password as this will protect your account and data.

Create New Password

Your new password must be different from previous used passwords.

Both passwords must match

6. Finalizing Your Access

- After creating your password, you are all set to log in to INVISION.
- Use your registered email address and the new password to login and start exploring the platform.

By following these steps, you'll successfully gain access to INVISION, where you can begin managing and standardizing geospatial agronomic data for your agricultural trials.
