

Exporting Digital Data from Climate FieldView

Exporting Digital Data from Climate FieldView

Log In and Navigate to Data Section

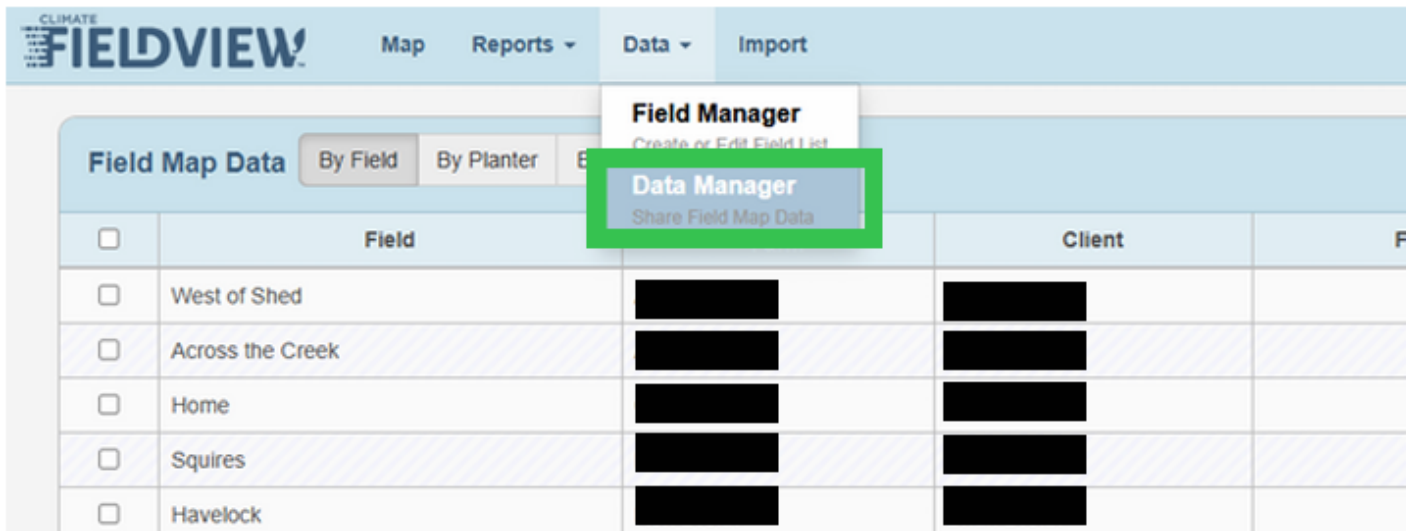

- Sign in to <https://fieldviewplus.com/>

Note: Do not confuse fieldviewplus.com and climate.com. They are different and allow for different types of data export.

A screenshot of the Climate FieldView login interface. At the top, the logo "CLIMATE FIELDVIEW" is displayed in blue. Below the logo is a login form with two input fields: "Username" and "Password". The "Username" field contains the text "data@intent.ag". The "Password" field is masked with eight dots. Below the password field is a "Login" button. At the bottom left of the form, there is a link that says "Forgot Password?".

CLIMATE FIELDVIEW	
Username	data@intent.ag
Password	••••••••
<div>Login</div>	
Forgot Password?	

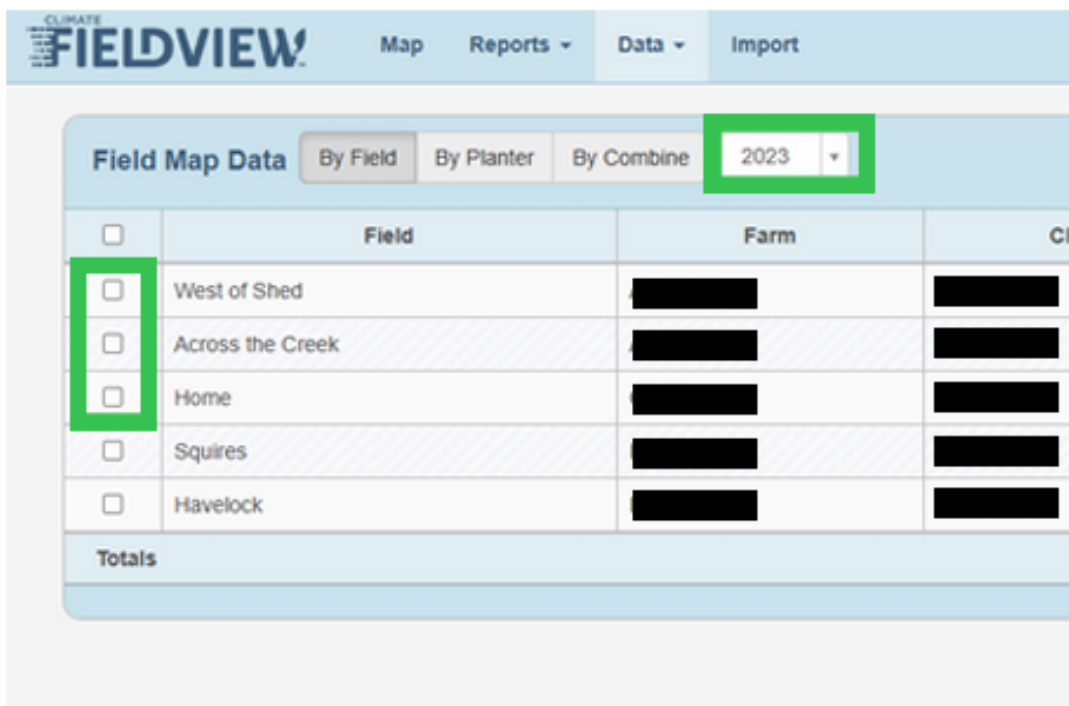

- Select the **Data** tab in the top navigation bar. This is where all field data is stored. Choose the **Data Manager** option in the dropdown list.

Select the Desired Field

- To export data, check the box next to the desired field name
- Be sure that the year is properly filtered

Note: If your field does not show up on the list, that means there is no associated data for the filtered year.

Export and Download the Data

- Locate the **Actions** dropdown menu near the top right of the data table
- Select the **Export DAT Files** option
