

INVISION Mobile Download Instructions and Location Services Setup

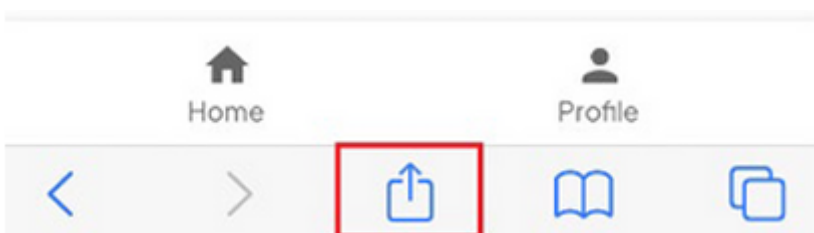

INVISION Mobile Download Instructions and Location Services Setup

iPhone Instructions

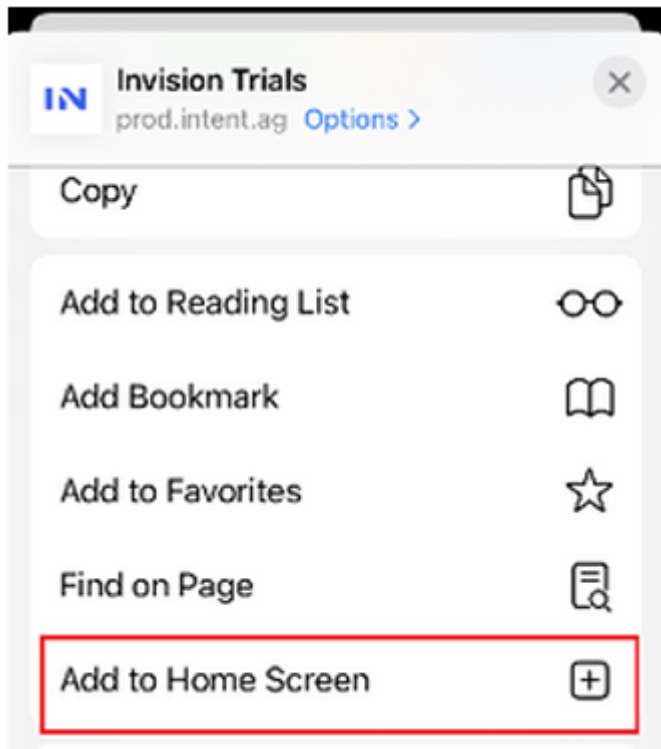

- Using your browser, enter the following link: trials.intent.ag
- Username and password are identical to desktop version of INVISION
- Select **INVISION Trials Mobile**

- On the bottom of your phone screen, elect the **Share** icon

- Select **Add to Home Screen**

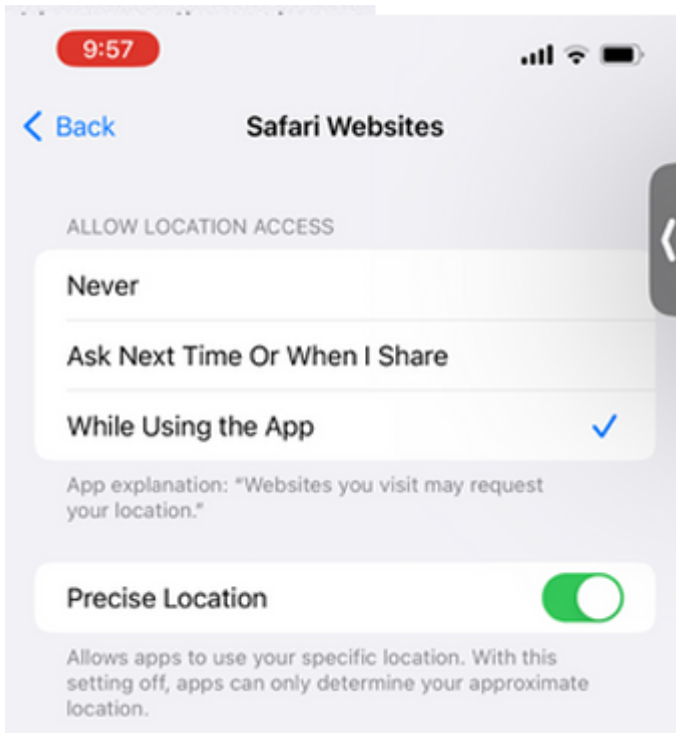

The INVISION app should now show up on your iPhone home screen. You are ready to continue setting up Location Services.

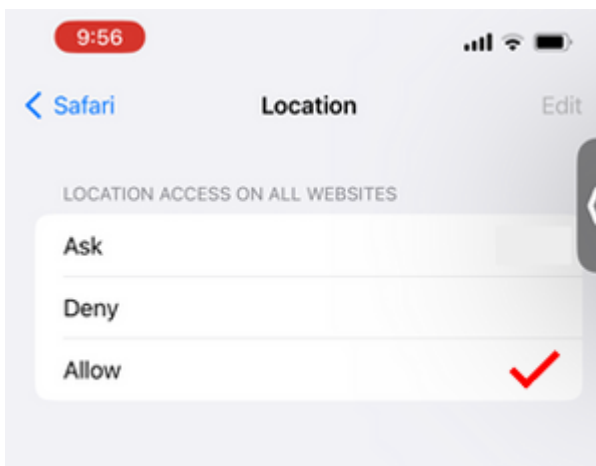

iPhone Instructions - Location Services

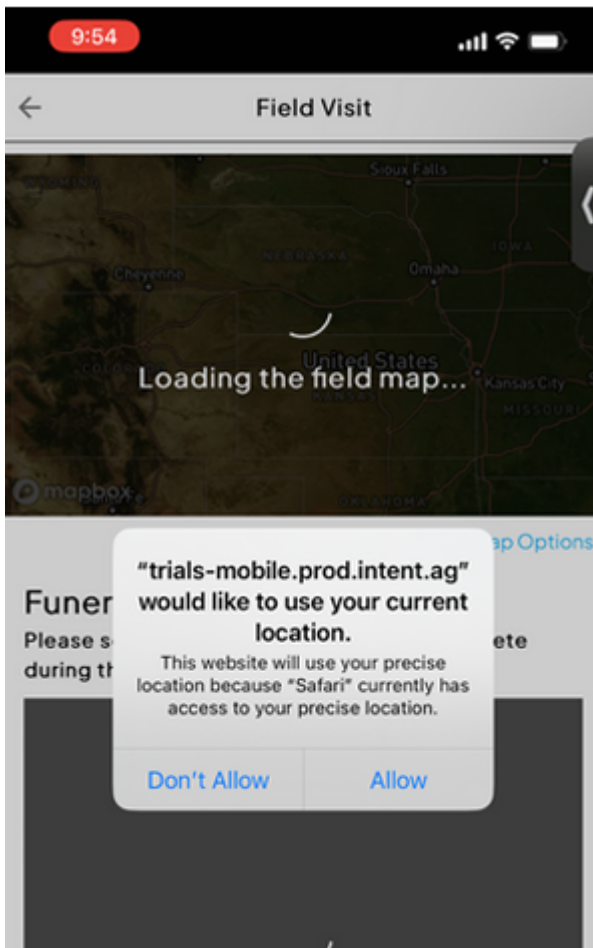

- Go to your **Settings** app, select **Privacy & Security**, then select **Location Services**
- Scroll down until you see **Safari Websites**, select it, and then select **While Using the App**

- Return to your **Settings**, and scroll all the way down and select **Apps**
- Scroll down until you find **Safari**, select it, and then scroll down and select **Location**
- On this page, make sure **Allow** is selected

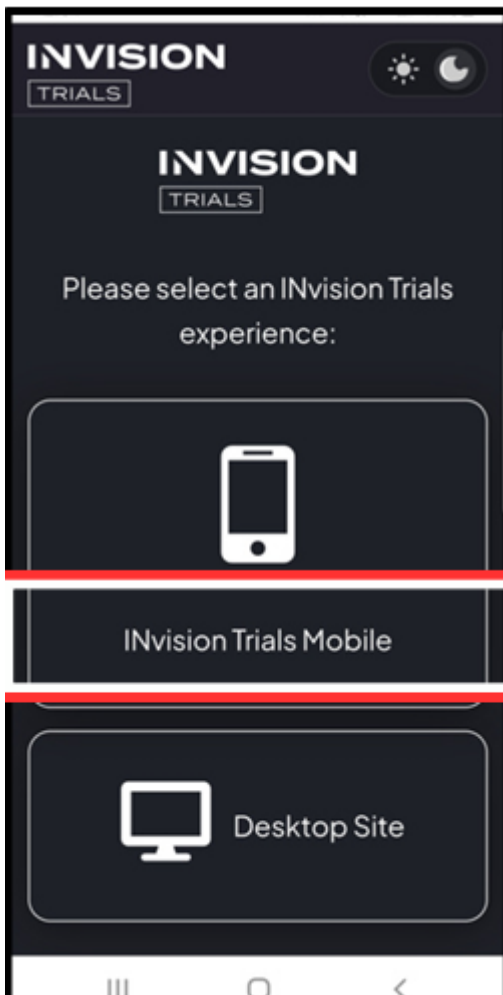

- Once you begin a field visit, make sure to select **Allow** so that INVISION Mobile can use your location while using the app

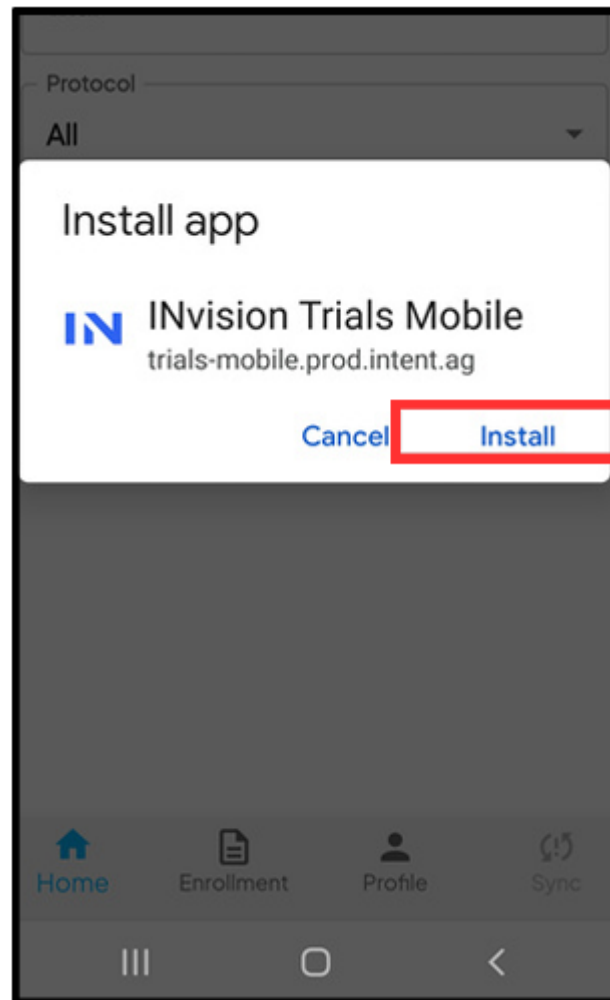

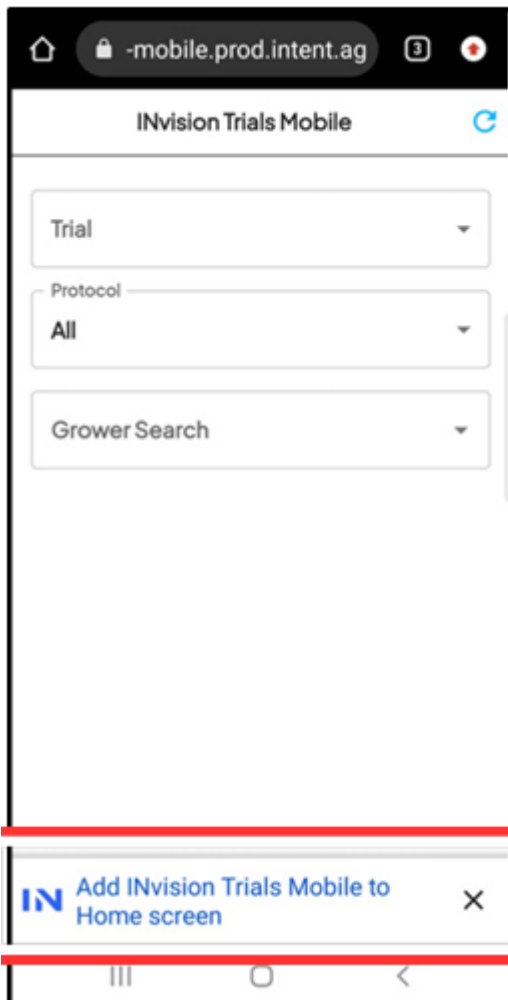

Android Instructions

- Using your browser, enter the following link: trials.intent.ag
- Username and password are identical to desktop version of INVISION
- Select **INVISION Trials Mobile**

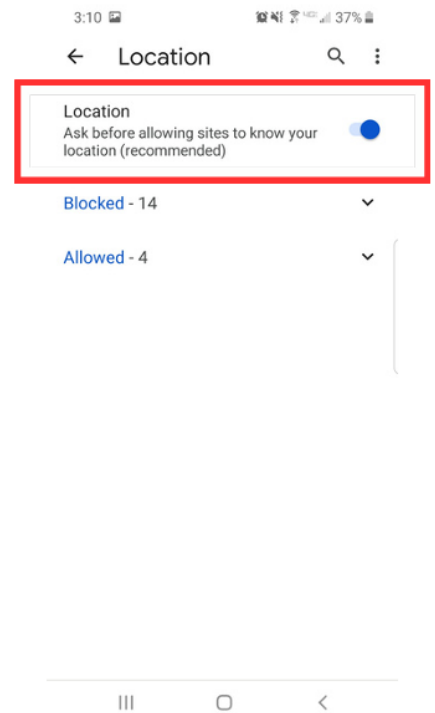

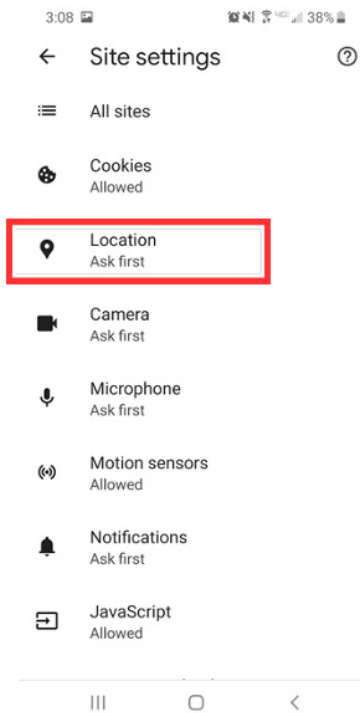

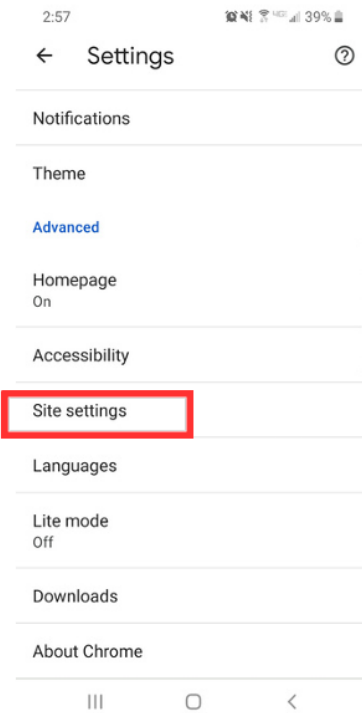

- Once in the Mobile app, tap the banner at the bottom of your screen to share the mobile app to your home screen
- Select **Install**

Android Instructions - Location Services

- Select the three dots in the upper right hand corner, and select **Settings**
- Select **Site Settings**
- Select **Location**, and toggle it on so that it **asks before allowing sites to know your location**
