

Trial Data Page Overview

Welcome to the trial data page tutorial in INvision! This guide will help you understand the features and functionalities of the trial data page.

Trial Data Page:

- There are two ways to access the trial data page:
 - Click the "open" button on an unfinished task or the task list.
 - Select the trial data tab on the left-hand admin navigation panel.

Filters:

- You can filter data using the following criteria:
 - Trial
 - Protocol
 - Grover Name
 - Field Name
 - File Status
 - Failed
 - Converted
 - Processed
 - Archived
 - Pending
 - File Type
 - Toggle switch to show or hide dropped out growers.

Data Table:

- Distinct files uploaded to a trial.
- File types that will appear include planting, application, harvest, manually drawn treatment zones, and soil maps.
- Each file status indicates its position in the trial data processing workflow.
- Columns include:
 - Grower Name
 - Field Name
 - Step Type
 - File Type
 - Source
 - Uploaded By
 - Upload Date
 - File Status

- Assignee
- Actions
- The table shows 10 results per page.
